Dear Mr. and Mrs. Weisberg,

I received my Post-Mortem Book this morning. I first want to thank you, Mr. Weisberg, for signing it for me! To say I was thrilled is really an understatement! I've spent the better part of the day looking at all the documents in it. No one has ever presented so much undisputable proof of a Cover-up in one Book. The new Breed of "critics" who say less than Kind things about you should get on their knees and thank you because they wouldn't be the so called "experts" they are today without all the information they have stolen from you and your hard work.

And I would like to thank you, Mrs. Weisberg, for your kind note. The card was beautiful (Love sunflowers!) and it was very thoughtful of you to write me. I'm glad I could convey some of the respect I have for Mr. Weisberg in my letter. There has never been one ounce of phoniness about him, and the claims that he made over 20 years ago still stand to this day. There are few, if any, critics that that can be said about.

This time around I would like to Buy the "Photographic Whitewash" Book. I've added the 50¢ for insurance costs.

Kindness is a hard thing to find from anybody in the J.F.K. case, but I've found both of you to be true class acts.

I thank you again very, very much!

Sincerely Yours,

Carla Van Dyne
